Aerial and Oliver rescue dogs at the nursing homes.

**Community Culture**

We are a few months into the new year and many of us made resolutions to discard things /situations and issues no longer useful to us and which binds us to a narrow self centered life.

Since a long time our pastor/monk Venerable Subhuti has been a hospice volunteer,visiting and helping the seniors and hospice patients. Aerial & olliver, the two rescue dogs who accompany him on his visits bringing joy and happiness to folks at the senior living and nursing homes.

Live in joy,in love,in health,in peace like the shining ones.
